Hi Brad,

We understand that OMI is reexamining the matter. Once its investigation is complete, OSC will receive a copy of the updated report and our regular process will proceed. As before, the new report will be made available for review and comment by the whistleblowers, a determination of the report's reasonableness will be made by the Special Counsel, and subsequent letters will be sent alerting the President and relevant congressional committees to the findings.

Because it's an open investigation, I'm unable to comment further.

Best,  
Zac

Hi Zac,

The San Diego VA told us this morning that the OMI is back at the medical center and will produce a third report of their findings when it's all done. Can you tell me -- will that report be published on the OSC FY2019 web page? Also, any additional information you can provide about this third visit would be appreciated: What is the reason, how long it is expected to take to produce the report, and anything else.

Thanks,

-Brad
